

ORDER BY PARCELS POST

Norwich is the Great Trading Centre of Eastern Connecticut. Prices for quality the lowest. Our Rural Deliveries reach everyone in this territory. The new Parcels Post Service should make it possible for every person within this territory to buy just what they want with very little expenditure of time and money. The remotest dweller on farm or in village, or the mechanic or housewife too busy to spare the time or expense to come to the store, can order and have delivered to them by Parcels Post at less expense than the cost of car fare. The most distant can buy practically as cheap as the person next door.

We enumerate but a few of the thousands of things which might be ordered and received by this means.
